

## **GrapeVine Unit**

### **Opioid Misuse Prevention: What's in Your Medicine Cabinet?**

**FREE**

Opioids are one of the most prescribed drugs in the United States. Sadly, they are also one of the most abused. In this one-hour presentation, learn more about how opioids affect the body and how you can keep yourself and those you love safe from misuse and other consequences.

The session will cover:

- What is an opioid?
- How do opioids affect the body?
- Opioid side effects and concerns (including misuse, addiction, overdose, etc.)
- Strategies for the safe use, storage, and disposal of opioids

Handouts on the topic and a small gift will be available for participants at the end of the session.

GrapeVine is a program of the Wisconsin Women's Health Foundation
