

GrapeVine Unit

Gynecologic Cancers: Going Public with Private Concerns

FREE

This one-hour session aims to remove the stigma of talking about gynecologic cancers in order to help women better understand the risk factors and warning signs of the 5 main types of gynecologic cancers.

The session will cover:

- The five main types of gynecologic cancer
- HPV and other risk factors
- Actions to lower gynecologic cancer risk
- Screening options
- Warnings signs & symptoms

Handouts on the topic will be available for participants at the end of the session.
